Puma Pump Series V & VI	12 - 20
W+ & WA+ Pumps	20 - 26
ZMS Pumps	27 - 30
TPM Pumps	31 - 35

## THE MOODY PANTHER PUMP

Although based on the design of the Puma Pump, the Panther Pump is not associated with APV

The Moody Panther is a new, general purpose hygienic pump for the Dairy, Beverage and Liquid Food industries.

Based on the design of the "industry standard" Puma pump, the Panther is a stainless steel, centrifugal pump, for use on all hygienic food and liquid applications including:

- MILK
- CIP FLUIDS
- JUICE
- BEER
- SOFT DRINKS
- WHEY

Alternative Parts  
Giving Choice & Value

The Panther pump offers the following features:

- Flexible pump duty – The broad pump curve means that each model of Panther can be used for several different applications within the same production area.
- All parts interchangeable with Puma pumps – All components within the Panther pump can be exchanged for Puma parts (and vice versa)
- Panther and Puma pump dimensions identical – The Panther can be installed in place of a Puma without the need to alter pipework.
- Durability – Replacement of seals is the only routine maintenance required.
